Karolina Jurczyk

The prospect for the launch of a mini unmanned aerial vehicle
 from an unmanned surface vehicle..... 5

Ryszard Kłos

Methods for treatment of decompression sickness developed
 during wreck penetration..... 27

Tomasz Leszczyński

The concept of microprocessor registration system of energy consumption
 of an underwater vehicle..... 55

Karol Listewnik, Piotr Kubis

NATO standardization documents for mine countermeasure
 and their updating as an area of scientific activity..... 69

Bogdan Pojawa

Operational tests results of the naval gas turbines operated by the Polish Navy..... 85

**Tomasz Praczyk, Piotr Szymak, Krzysztof Naus,
 Leszek Pietrukaniec, Stanisław Hożyń**

Report on research with biomimetic autonomous underwater vehicle —
 low level control..... 105

Joanna Sznajder

The analysis of the digital AC motor speed control system operation..... 125

Wiesław Tarczyński, Ryszard Kopka

Energy storage system with the use of supercapacitors..... 137
