

# CONTENTS

## **Krzysztof Just, Paweł Piskur, Mariusz Żokowski**

Dynamic analysis of the tubular linear actuator with permanent magnets ..... 5

## **Arkadiusz Adamczyk**

Research on the responses of the hybrid power system based on energy profiles ..... 17

## **Norbert Sigiel**

Methods of autonomous underwater vehicles positioning ..... 31

## **Maciej Klebba**

Automation of the calibration process as one of the directions of development  
of military metrology ..... 45

## **Dariusz Nowak, Mariusz Wąż**

ERRV as an emergency protection components in the offshore sector activities..... 59

## **Marek Blok, Bartosz Czaplewski, Sylwester Kaczmarek, Jacek Litka, Marcin Narloch, Maciej Sac**

STRADAR — multimedia dispatcher and teleinformation system  
for the Border Guard ..... 69

## **Szymon Mitkow, Ewa Sterniczuk**

Selected elements of the management of production processes..... 89

## **Andrzej Świdorski**

Modeling of transport processes in terms of seasonality of transport.....103
