

Chapter 1

Ships and machinery

Contents

1	Ships and machinery	1
2	Diesel engines	8
3	Steam turbines and gearing	53
4	Boilers	73
5	Feed systems	99
6	Pumps and pumping systems	112
7	Auxiliaries	134
8	Fuel oils, lubricating oils and their treatment	150
9	Refrigeration, air conditioning and ventilation	163
10	Deck machinery and hull equipment	180
11	Shafting and propellers	200
12	Steering gear	211
13	Fire fighting and safety	231
14	Electrical equipment	253
15	Instrumentation and control	279
16	Engineering materials	326
17	Watchkeeping and equipment operation	341
Appendix	SI units, engineering terms, power measurement, fuel estimation and engineering drawing	349
Index		365
