

## CONTENTS

|                                                            |     |
|------------------------------------------------------------|-----|
| Preface and acknowledgements.....                          | 5   |
| Abbreviations .....                                        | 7   |
| 1. Oceanography – introduction .....                       | 11  |
| 2. World ocean .....                                       | 15  |
| 3. Ocean floor.....                                        | 28  |
| 4. Chemical and physical characteristics of sea water..... | 42  |
| 5. Sea waves .....                                         | 63  |
| 6. Sea state .....                                         | 75  |
| 7. Sea level changes .....                                 | 84  |
| 8. Waves charts .....                                      | 96  |
| 9. Forecasting of waves fields.....                        | 102 |
| 10. Ocean curenrs .....                                    | 108 |
| 11. El Niño and La Niña .....                              | 115 |
| 12. Sea ice .....                                          | 119 |
| 13. Icebergs .....                                         | 138 |
| 14. Ice services .....                                     | 152 |
| 15. Ice charts and bulletins .....                         | 164 |
| 16. Iceing of ships.....                                   | 178 |
| 17. Routeing (pilot) charts.....                           | 191 |
| 18. Oceanography information .....                         | 198 |
| 19. METOC.....                                             | 203 |
| Summary .....                                              | 209 |
| Bibliography.....                                          | 211 |
| Index of terms .....                                       | 217 |
| Index of figures.....                                      | 222 |
| Index of tables .....                                      | 228 |
