

PREFACE AND CONTENTS

Preface and acknowledgements	5
Abbreviations	7
1. Meteorology and climate – introduction	13
2. Earth's atmosphere	24
3. Water in the atmosphere	37
4. Visibility	61
5. Atmospheric pressure	66
6. Wind	71
7. Winds on the globe	85
8. General circulation of the atmosphere	94
9. Lows and highs	100
10. Atmospheric fronts	106
11. Atmospheric phenomena	114
12. Tropical cyclones	118
13. Avoiding tropical cyclones	127
14. Weather elements observed and measured	132
15. Ship's meteorological devices	143
16. Conduct measurements and meteorological observations	156
17. Log book and meteorological observation log book	160
18. Synop and ship codes	165
19. Station model	167
20. Reception of weather information on the ship	172
21. Interpretation of weather information	200
22. Reading synoptic charts	208
Summary	220
Bibliography	222

Index of terms	227
Index of figures	231
Index of tables	236

Scientific Editor

Prof. Leszek Chybański, DSc, PhD

2	Preface and acknowledgments
7	Abbreviations
11	1. Meteorology and climate - Introduction
23	2. Earth's atmosphere
37	3. Water in the atmosphere
61	4. Visibility
66	5. Atmospheric pressure
71	6. Wind
82	7. Winds on the globe
89	8. General circulation of the atmosphere
100	9. Lows and highs
106	10. Atmospheric fronts
118	11. Atmospheric phenomena
127	12. Tropical cyclones
137	13. Avoiding tropical cyclones
147	14. Weather elements observed and measured
156	15. Ship's meteorological observations
160	16. Conduct measurements and meteorological observations
165	17. Log book and meteorological observation log book
169	18. Synop and ship codes
184	19. Station model
175	20. Reception of weather information on the ship
190	21. Interpretation of weather information
208	22. Reading synoptic charts
220	23. Forecasting weather
223	24. Biographical notes
