

CONTENTS

Dariusz Ampuła

Applying of neural networks for testing of tracers with using of empirical data	5
---	---

Špiro Ivošević, Rebeka Rudolf

Materials with shape memory effect for applications in maritime	25
---	----

Marek Blok, Sylwester Kaczmarek, Magdalena Młynarczuk

Radar data fusion in the STRADAR system	43
---	----

Małgorzata Gajewska

Maritime communication and sea safety of the future — machine-type 5G communication concept	57
--	----

Bartosz Czaplewski, Sylwester Kaczmarek, Jacek Litka

Visualization of SCANTER and ARPA radar data in the distributed teleinformation system for the Border Guard	69
--	----

Wiesław Tarczyński, Ryszard Kopka

Supercapacitor properties under changing load	81
---	----

Maciej Sac, Sylwester Kaczmarek, Marcin Narloch

Emulator and simulator of Terma SCANTER and ARPA radar data server	95
--	----
