| <b>INTRODUCTION</b> .....  | <b>7</b>   |
| <b>1. ANALYSIS OF ANTHROPOTECHNICS IN AIRCRAFT</b> .....   | <b>13</b>  |
| 1.1. Determinants creating the pilot (crew) – aircraft – environment system .....                                  | 13         |
| 1.2. Control system in the aircraft cabin .....  | 25         |
| 1.3. Factors stimulating the flight comfort of the pilot (crew) .....  | 31         |
| <b>2. THE DECISION-MAKING PROCESS OF THE PILOT (CREW)<br/>    IN SAFETY FLIGHTS OF THE AIRCRAFT</b> .....          | <b>37</b>  |
| 2.1. Influence of the aircraft reliability on air operations. ....   | 37         |
| 2.2. The aircraft survivability as the safety criterion of the pilot (crew) .....                                  | 45         |
| 2.3. Analysis of the anthropotechnical system stability .....  | 57         |
| <b>3. THE PROTECTION OF NATURAL ENVIRONMENT IN DESIGN<br/>    OF ANTHROPOTECHNICAL SYSTEM</b> .....                | <b>67</b>  |
| 3.1. The influence of aircraft on natural environment .....  | 67         |
| 3.2. The Cyber-Physical System in aircraft manufacturing .....   | 70         |
| 3.3. The new perspective in the design of anthropotechnical system .....   | 74         |
| <b>4. THE EFFECTIVENESS OF SAFETY MANAGEMENT IN THE AVIATION<br/>    TRANSPORT</b> .....                           | <b>79</b>  |
| 4.1. The effectiveness in the aviation transport management .....  | 79         |
| 4.2. The safety management in modern design of aircraft. ....  | 83         |
| 4.3. The aviation transport management to increase the aircraft safety .....                                       | 87         |
| <b>5. THE ORGANIZATIONAL APPLICATION OF KNOWLEDGE WITHIN<br/>    THE ECONOMIC INDICATORS OF THE AIRCRAFT</b> ..... | <b>91</b>  |
| 5.1. The application of knowledge in safety of aircraft flights .....  | 91         |
| 5.2. The activities for increasing aircraft reliability. ....  | 95         |
| 5.3. The economic assessment of the aircraft reliability – the case study .....                                    | 100        |
| <b>CONCLUSION</b> .....  | <b>107</b> |
| <b>LITERATURE</b> .....  | <b>109</b> |
