

## SUMMARY OF CONTENTS.

	PAGES.
Signs and Symbols . . . . .	1-3
Logarithms . . . . .	4-7
Trigonometry . . . . .	7-13
Curves . . . . .	13-18
Differential and Integral Calculus. . . . .	19-21
Practical Geometry . . . . .	22-36
Mensuration of Areas and Perimeters . . . . .	36-49
Mensuration of Solids . . . . .	49-59
Centres and Moments of Figures . . . . .	59-69
Moments of Inertia and Radii of Gyration . . . . .	69-75
Mechanical Principles . . . . .	76-79
Centre of Gravity . . . . .	80
Motion . . . . .	81-83
Dynamics . . . . .	84-88
Hydrostatics . . . . .	88-89
Displacement, etc. . . . .	90-102
Weight and Centre of Gravity of Ships . . . . .	102-109
Stability . . . . .	110-137
Waves . . . . .	137-143
Rolling . . . . .	144-154
Speed and Horse-power . . . . .	154-184
Propellers . . . . .	184-193
Speed Trials and Tables . . . . .	193-203
Sailing, Force of Wind . . . . .	204-207
Distances down Rivers, etc.. . . . .	208-217
Weights and Dimensions of Materials . . . . .	218-237

	PAGES.
British Standard Sections . . . . .	239-250
Notes on Materials . . . . .	251-255
Weight and Strength of Materials and Timber	256-259
Admiralty Tests for Materials . . . . .	259-281
Lloyd's Tests for Materials . . . . .	282
Riveted Joints and Rivets . . . . .	282-292
Braced Structures . . . . .	292-298
Beams—Shearing Forces and Bending Moments . . . . .	298-306
Strength of Materials and Stresses—	
General . . . . .	307-310
Bending . . . . .	310-325
Compression . . . . .	326-329
Shear . . . . .	330-333
Miscellaneous . . . . .	333-337, 345
Keys and Wheel Gearing . . . . .	337-345
Longitudinal Stresses in Ships . . . . .	346-353
Mechanical Powers, Friction . . . . .	354-362
Steering, Rudders . . . . .	363-370
Launching . . . . .	371-377
Armour and Ordnance . . . . .	377-382
Notes on Machinery . . . . .	383-384
Notes on Design. . . . .	385-388
Ventilation . . . . .	389-395
Hydraulics . . . . .	396-398
Heat. . . . .	399-400
Aerodynamics . . . . .	400-425
Freeboard . . . . .	425-427
B. of T. Regulations for Marine Boilers, etc. .	428-440
„    „    for Motor Passenger Vessels . . . . .	440-443
„    „    for Ships . . . . .	443-455

PAGES.

International Convention for Safety of Life at Sea :	
Watertight Subdivision . . . . .	455-461
Stability . . . . .	461
Life-saving Appliances . . . . .	461-466
Fire Detection and Extinction . . . . .	466-467
Wireless . . . . .	467
International Regulations for preventing Collisions (Lights, etc.) . . . . .	467-471
Tonnage . . . . .	471-476
B. of T. Regulations for Emigrant Ships . . . . .	476-479
Lloyd's Rules for Shafts and Steam Pipes . . . . .	479-482
Lloyd's Rules for Ships . . . . .	482-500
Lloyd's Rules for Yachts . . . . .	501-507
Anchors and Cables . . . . .	508-514
British Standard Pipes and Screws . . . . .	514-519
Ship Fittings . . . . .	520-538
Seasoning and Measuring Timber . . . . .	539-543
Miscellaneous Data . . . . .	544-547
Tides . . . . .	548
Blocks, Cordage and Steel Wire Rope, . . . . .	549-560
Winches . . . . .	561-563
Lloyd's Rules for Masts and Stays . . . . .	564-565
Distances of Foreign Ports . . . . .	566
Dry Docks . . . . .	567-572
Paints, Varnishes, Galvanizing . . . . .	573-583
Weights and Measures . . . . .	584-612
Points of the Compass and Useful Numbers . . . . .	613-614
Table of Circular Measure . . . . .	615-617
Tables of Areas and Circumferences of Circles . . . . .	618-627
Table of Areas of Circular Segments . . . . .	628-630

	PAGES.
Table of Squares, Cubes, Roots and Reciprocals	631-675
Tables of Logarithms and Anti-logarithms .	676-683
Table of Exponential and Hyperbolic Functions . . . . .	684-686
Table of Hyperbolic Logarithms . . . . .	687-691
Table of Natural Sines, Tangents, etc. . . . .	692-695
Table of Logarithmic Sines, Tangents, etc. . . . .	696-699
APPENDIX . . . . .	701-717
INDEX . . . . .	721-732

---
