List of reviewers	7
Safety of Marine Transport. Introduction	9
<i>A. Weintritt & T. Neumann</i>	
Chapter 1. Human Resource Management and Maritime Crew Manning	11
1.1. Sample Data from Shipping Companies: Women in the Turkish Seafarers Registry and Their Employment Situation	13
<i>H. Yilmaz, E. Başar & Ü. Özdemir</i>	
1.2. Attractions, Problems, Challenges, Issues and Coping Strategies of the Seafaring Career: MAAP Seafarers Perspectives	21
<i>A.M. Baylon & E.M.R. Santos</i>	
1.3. Plights and Concerns of Filipino Seafarers on Board Vessels Traversing Horn of Africa and Gulf of Aden: AMOSUP and other Stakeholders Responses	31
<i>A.M. Baylon, E.M.R. Santos & J.W. Vergara</i>	
1.4. Swedish Seafarers' Occupational Commitment in Light of Gender and Family Situation	41
<i>C. Hult & C. Österman</i>	
1.5. Web-based Databank for Assessment of Seafarers' Functional Status During Sea Missions	49
<i>G. Varoneckas, A. Martinkenas, J. Andruskiene, A. Stankus, L. Mazrimaitė & A. Livens</i>	
1.6. Implementation of CSR Aspects in Human Resources Management (HRM) Strategies of Maritime Supply Chain's Main Involved Parties	55
<i>T. Pawlik & S. Neumann</i>	
1.7. Analysis of Factors Influencing Latvian Seafarers' Outflow Rate	61
<i>R. Gaillitis</i>	
Chapter 2. Maritime Education and Training (MET)	69
2.1. Investigation of Sea Training Conditions of Deck Cadets: a Case Study in Turkey	71
<i>S. Yıldız, Ö. Uğurlu & E. Yükeşyıldız</i>	
2.2. Sleep Quality, Anxiety and Depression Among Maritime Students in Lithuania: Cross-sectional Questionnaire Study	77
<i>J. Andruskiene, S. Barseviciene & G. Varoneckas</i>	
2.3. The Use of the Portuguese Naval Academy Navigation Simulator in Developing Team Leadership Skills	83
<i>I.M.G. Bué, C. Lopes & A. Semedo</i>	
2.4. Paradigm Shift in Ship Handling and its Training	89
<i>S.G. Seo & K. Earl</i>	
2.5. Experimental Research with Neuroscience Tool in Maritime Education and Training (MET)	97
<i>D. Papachristos & N. Nikitakos</i>	
Chapter 3. Sea Ports and Harbours	105
3.1. Trends in Environmental Policy Instruments and Best Practices in Port Operations	107
<i>O.-P. Brunila, V. Kunnala-Hyrkki & E. Hämäläinen</i>	
3.2. Decreasing Air Emissions in Ports – Case Studies in Ports	115
<i>O.-P. Brunila, V. Kunnala-Hyrkki & E. Hämäläinen</i>	
3.3. Port in a City – Effects of the Port	123
<i>O.-P. Brunila, V. Kunnala-Hyrkki & E. Hämäläinen</i>	
3.4. The Influence of Internalizing the External Cost on the Competitiveness of Sea Ports in the Same Container Loop	131
<i>E. van Hassel, H. Meersman, E. Van de Voorde & T. Vanelstander</i>	
3.5. Development of Dry Ports: Significance of Maritime Logistics on Improving the Iranian Dry Ports and Transit	139
<i>A.H. Pour & H. Yousefi</i>	
3.6. A Study on Rapid Left-turn of Ship's Head of Laden Cape-size Ore Carriers while Using Astern Engine in Harbor	145
<i>T.G. Jeong, K.H. Son & S.W. Hong</i>	
Chapter 4. Port Facilities	151
4.1. A Geographical Perspective on LNG Facility Development in the Eastern Baltic Sea	153
<i>D. Grisenko & A. Berry</i>	
4.2. Influence of "Suezmax" Tankers Size Increase on Mooring Ropes at Existing Terminals	161
<i>R. Mohovic, M. Baric & D. Mohovic</i>	
4.3. The Analysis of Dredging Project's Effectiveness in the Port of Gdynia, Based on the Interference with Vessel Traffic	167
<i>L. Smolarek & A. Kaizer</i>	

Chapter 5. Ship's Propulsion, Main Engine and Power Supply	173
5.1. Reliability of Fuel Oil System Components Versus Main Propulsion Engine: An Impact Assessment Study.....	175
<i>M. Anantharaman, F. Khan, V. Garamiya & B. Lewarn</i>	
5.2. Impact of Electricity Generator on a Small-Bore Internal Combustion Engine at Low and Medium Loads.....	181
<i>P. Olszowiec, M. Luft & E. Szycha</i>	
5.3. A Comparative Approach of Electrical Diesel Propulsion Systems.....	185
<i>A. Arsenie, R. Hancu-Pazara, A. Varsami, R. Tromiadis & D. Lamba</i>	
5.4. Method of Determining Operation Region of Single-transistor ZVS DC/DC Converters.....	191
<i>E. Szycha, M. Luft, D. Pietruszczak & I. Szycha</i>	
Chapter 6. Maritime Law and Policy	195
6.1. The Implementation of a New Maritime Labour Policy: the Maritime Labour Convention (MLC, 2006).....	197
<i>F. Piniella, J. González-Gil & F. Bernal</i>	
6.2. A New International Law to Protect Abandoned Seafarers: Amendments to MLC, 2006.....	203
<i>F. Bernal & F. Piniella</i>	
Chapter 7. Piracy	211
7.1. Effectiveness of Measures Undertaken in the Gulf of Guinea Region to Fight Maritime Piracy.....	213
<i>K. Wardin & D. Duda</i>	
7.2. Counter Piracy Training Competencies Model.....	223
<i>G. Mantzouris, N. Nikitakos & D. Huw</i>	
Chapter 8. Ship's Operations	231
8.1. Experimental Study for the Development of a Ship Hull Cleaning Robot.....	233
<i>K. Watanabe, K. Ishii & K. Takashima</i>	
8.2. Assessment of Variations of Ship's Deck Elevation Due to Containers Loading in Various Locations on Board.....	241
<i>P. Kraja</i>	
8.3. Tworty Box to Reduce Empty Container Positionings.....	249
<i>U. Malchow</i>	
8.4. Consideration on Dynamic Modelling of Ship Squat.....	259
<i>J. Artyszuk</i>	
Chapter 9. Safety of Transport	267
9.1. State of Safety in the Polish Land Transport.....	269
<i>J. Mikalski</i>	
9.2. Surveys of the Influence of Telematics on the Land Transport Safety.....	275
<i>J. Mikalski</i>	
9.3. Approaches and Regulations Regarding Significant Modifications in Transportation and Nuclear Safety.....	283
<i>N. Petrek & H.P. Berg</i>	
9.4. Optimization of the Transport Service of Fishing Vessels at Ocean Fishing Grounds.....	293
<i>S.S. Moyseenko & L.E. Meyler</i>	
9.5. Selected Transport Problems of Dangerous Goods in the European Union and Poland.....	297
<i>G. Nowacki, C. Krystuk & A. Niedziela</i>
