|---------------------------------------------------------|----------|
| <b>Foreword</b> .....                                   | vii      |
| <b>Introduction</b> .....                               | <b>1</b> |
| Purpose of the model courses .....                      | 1        |
| Use of the model course .....                           | 1        |
| Lesson plans .....                                      | 2        |
| Presentation .....                                      | 2        |
| Implementation .....                                    | 2        |
| Course objective .....                                  | 3        |
| Entry standards .....                                   | 3        |
| Course intake limitations .....                         | 3        |
| Textbooks, videos and bibliography .....                | 4        |
| Computer applications .....                             | 4        |
| Training and the STCW Convention 1978, as amended ..... | 5        |
| Responsibilities of Administrations .....               | 6        |
| Validation .....                                        | 6        |
| Conventions, Regulations and Legislation .....          | 6        |
| <b>Part A: Course Framework for all functions</b> ..... | <b>7</b> |
| Aims .....                                              | 7        |
| Objective .....                                         | 7        |
| Function 1 .....                                        | 7        |
| Function 2 .....                                        | 7        |
| Function 3 .....                                        | 7        |
| Function 4 .....                                        | 8        |
| Entry standards .....                                   | 8        |
| Course certificate .....                                | 8        |
| Staff requirements .....                                | 9        |
| Teaching facilities and equipment .....                 | 9        |
| Teaching aids (A) .....                                 | 9        |
| IMO/ILO/WHO references (R) .....                        | 12       |
| Textbooks (T) .....                                     | 15       |
| Bibliography (B) .....                                  | 18       |

|                                                                                                                                                               |            |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------|------------|
